The members of Texas A&M AgriLife will provide equal opportunities in programs and activities, education, and employment to all persons regardless of race, color, sex, religion, national origin, age, disability, genetic information, veteran status, sexual orientation or gender identity and will strive to achieve full and equal employment opportunity throughout Texas A&M AgriLife. Texas A&M AgriLife will strictly comply with all. "The Texas A&M University System, U.S. Department of Agriculture, and the County Commissioners Courts of Texas Cooperating". Individuals with disabilities who require an auxiliary aid, service, or accommodation in order to participate in this activity are encouraged to contact the Dallas County Extension Office at 214-904-3056 5 days prior to event for assistance.

Many new land owners are unaware that the Central Appraisal Districts has certain requirements for land to qualify for agricultural use and how it all works.

Dr. Blake Bennett has developed an educational program that help determining whether land qualifies for an Agricultural Exemption or not. In addition to learning what it takes to qualify for agricultural use, also learn what a rollback tax is and how it is calculated along with agencies that can provide support.

Real Estate Agents - Dr. Bennett has delivered this educational program to over 900 real estate agents in the State of Texas in the past year. He has also provided personal assistance to real estate agents during contract negotiations as well as providing additional service after closing and will share some of these stories during the program.
